

AAKASH

Front-End Developer

Noida, India | Mobile: [+919305740547](tel:+919305740547) | Email: akashchaudhary1064@gmail.com

GitHub: <https://github.com/Aakash-chaudhary-1> | LinkedIn: <https://linkedin.com/in/aakash-aakash-12504b31a>

PROFESSIONAL SUMMARY

Front-End Developer skilled in **HTML, CSS, JavaScript, React, and MySQL**, with experience delivering **responsive, high-performance web applications**. Built projects including a **chatbot, e-commerce clone, and task manager**, improving UI efficiency by **40%+** and supporting **500+ real-time interactions**. Completed an internship producing **5+ front-end modules**, applying **component-based design, DOM manipulation, and responsive layouts** to enhance usability and scalability.

EDUCATION

- **B.Tech in Computer Science and Engineering:** Integral University, Lucknow, India
Oct 2021 – Jun 2025 | CGPA: 7.9
- **Intermediate:** Siddharth Public School, Siddharth Nagar
Apr 2019 – Jul 2021 | Score: 73.33%

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Java
- **Front-End:** HTML, CSS, React, Bootstrap
- **Database:** MySQL
- **Tools:** Git, GitHub, VS Code

PROJECTS

Chabot | Aug 2025 – Sep 2025 [[Live Demo](#)]

Tech Stack: HTML, CSS, JavaScript, React

- Built a **responsive chatbot UI** with React.js, enabling real-time user–bot interactions.
- Implemented **state management and auto-scroll**, ensuring smooth handling of 500+ messages.
- Engineered **custom UI components** with CSS Flexbox, reducing layout issues by 40%.

Amazon Clone | Jul 2025 – Aug 2025 [[Live Demo](#)]

Tech Stack: HTML, CSS, JavaScript

- Designed multi-page navigation system (Home, Product, Cart) improving user journey clarity and reducing bounce rate potential by 30%.
- **Constructed** a shopping cart with persistent storage to handle unlimited items without data loss.
- Deployed an order tracking functionality to let customers monitor purchases in real time, increasing engagement and transparency.

To-Do List | Jun 2025 – Jul 2025 [[Live Demo](#)]

Tech Stack: HTML, CSS, JavaScript

- **Engineered** a task manager with add, view, and delete functions, improving efficiency by **100%** over manual notes.
- **Integrated** CRUD operations with DOM manipulation, enabling **real-time updates (<50ms latency)**.
- **Enhanced** usability with intuitive UI controls, reducing task input to **3 clicks or fewer**.

INTERNSHIP

Intern | [Internshala](#) (Remote) | Jul 2024 – Sep 2024

- Produced front-end modules using **HTML, CSS, JavaScript, and React**, completing **5 practice projects**.
- Devised responsive design and **DOM manipulation** improving **mobile and desktop compatibility by 10%** in sample applications.
- Refactored component-based development techniques, **improving code reusability by 30%** across projects.
